<h5> **BMW Alpina B7: 4.4 L Twin V8 engine producing 600 horsepower. BMW is among my favorite brands, and this fearsome blend of power and luxury is what I'd bring out for special occasions. Or when I wanted to show-off, I guess. It's super effective!**

<h4> **Thornton_Fippe_69**

<h5> **Ford Mustang GT: 5.0 L V8 engine generating 435 horsepower. Tons of torque. Sounds good enough for my daily car. The Mustang is what I'd be driving most of the time, and I reckon I'd be very, very happy about it. The thing's simply beautiful.**

<h4> **Maryjane_Tippett_3**

<h5> **Jeep Grand Cherokee SRT: 6.4 L HEMI V8 with 475 horsepower. The Grand Cherokee is a must on my list, and would be my alternative daily car for when I needed more space than the Mustang could provide. Of course, I'd drive it plenty besides that. It's only the best looking SUV I have ever seen, plus it's a frikkin' Jeep.**

<h5> **Toyota 2000GT: I mean just look at it! It's one of the best looking cars ever made! And it also had a special DOHC inline 6. Sadly even if i managed to get one (over 1\$million dollars. ouch...) i don't think i'd be able to fit in one because im quite tall.**
